

Dear L-H Families:

Per the Superintendent's comments at last night's (9/9) Board of Education meeting - format for Back To School Night is being changed to "virtual format."

\*As a result, please note the following changes to our 2021 District Back To School Night presentations at the Elementary level:

1. Teachers will record Back To School Night presentations for their respective families ( in the same manner that was implemented last year).
2. The presentations will be sent to homeroom families the week of 9/27/2021.
3. A specific date and time for the distribution of Back To School Night presentations will be sent in the coming days - stay tuned.

As always, parents can reach out to their child's teacher directly at any time to discuss any needs. Additionally - I am always here for you for needs beyond the classroom teacher.
