

IMPORTANT TRAVEL QUARANTINE UPDATE

Domestic travel does not require a quarantine.

International travel requires a full 7 day quarantine, with a negative test obtained on either day 3, 4 or 5 for all unvaccinated individuals.

Travelers who have recovered from confirmed COVID-19 within the last 90 days do not need to test or quarantine regardless of their vaccine status.

Please note the following as it relates to travel quarantine:

- Day one of the quarantine is the day after the individual arrives back in New Jersey, and all students would then be cleared to return to school on day 8.
- If testing is not available then all individuals must complete a full 10 day quarantine and return on day 11.
- Please note all negative COVID test results must be submitted PRIOR to your child's return to school date.
- If you are planning to travel please contact me at 908-273-1333 Ext 6447 or Kdiakos@summit.k12.nj.us to determine test/return dates or present the negative test result and confirm the return to school date. When emailing please include your child's full first and last name and class in the subject line, as well as cc your child's teacher and Mrs Downey, adowney@summit.k12.nj.us.

Please do not hesitate to reach out if you have any questions or concerns.

Kind regards,

Kali Diakos BSN, RN, CSN

Lincoln-Hubbard School Nurse
