

April 2020

Dear LH Community:

I cannot get over that we are in our final stretch of the school year; a school year that started with so much doubt and uncertainty! Still, I am so very proud of our community for all that we have accomplished this year. To that end, we hope you enjoyed the celebration of our year of resiliency with our #LHStronger campaign and all of the March Mindset activities. It was our pleasure to debut the talent show and the school play, as well as host a movie night, virtual lunchtime assemblies and author visits across the grades.

I'd like to take a moment to recognize FLAG, which generously donated meals twice in the past month to our staff at LH; they enjoyed hot meals from Pizza Vita and Blossom, which I was honored to deliver to our building. Our staff has truly been the backbone of the strength and dedication on our school community and we are thrilled to be able to show them our gratitude. Along with FLAG, the PTO has been treating the staff to monthly appreciation in the form of food and goodies from local establishments, which helps serve to promote the community as well.

Looking forward into the Spring, LH is honored to be the host school for the SEF Spring for Excellence Fundraiser, which we hope you'll join us virtually on April 30. In the meantime, get out there with your kids and #ChalktheWalk to show your school spirit and enthusiasm for the event. Funds raised go directly to grants that support all of our nine schools in the district.

Please reach to us if you wish to take on a larger role within the ePTO, as several roles are open for next school year. We look forward to seeing you at our upcoming Principal's Coffees!

As usual, any questions, please pose them my way!

Warm Regards,
Laura Buccola
PTO President 2020-21
